

Crystal was brought to RSPCA Victoria as a timid stray found wandering the streets. After receiving lots of love and affection from staff and volunteers, Crystal came out of her shell and her sweet personality shone through. She was soon adopted by a loving new family.

Lacey was surrendered to RSPCA Victoria as a young puppy because her owners could no longer care for her. After some time in foster care to help her learn social skills, Lacey was adopted later that year and is now happily settled in her forever home!

Bonnie and Clyde were brought to RSPCA Victoria by the inspectorate after being abandoned. They were very timid and had trouble walking on their overgrown hooves. After 6 weeks of recovery in foster care, Bonnie and Clyde are now wonderful members of the RSPCA Victoria Education team; meeting, inspiring and educating students on animal welfare.
